SPRING 2010 YOUTH PROGRAM Season Starts April 3rd

\$120
Per Player
Or
\$1200
Per Team

The Ice Training Center would like to welcome you to its Spring 2010 3 on 3 Youth Hockey League.

USA Hockey has embraced the idea of developing youth hockey skills by encouraging players to participate in smaller cross-ice games with limited structure and discipline. In following USA Hockey's model, Ice Training Center will offer youth players of all ages and abilities the opportunity to truly *PLAY* hockey. A fun-filled, relaxed atmosphere that focuses on the kids' being empowered to play the game as they enjoy it (within some basic guidelines, of course) promises a truly unique and rewarding experience for your player. Coaches will be in place only to oversee sportsmanship, discipline, and make sure that players abide by the rules. Rather than yelling instructions from the sidelines, parents are encouraged to simply watch and enjoy as your young player tries a new move, plays creatively, and experiences the true joys of the game.

The Ice Training Center will be the only arena in the Metroplex utilizing a state-of-the-art rink divider system that will allow us to make a sheet of ice any size imaginable while still providing full playing ability! This system will be a great benefit in resizing the rink to the perfect size for each age group!

We hope that you will all join us this Spring in a program that will allow your player to take a break from the rigid structure of regular season practices and games, enhancing their individual skills, and giving them an outstanding

TEAM INFO
